PROTOCOL: # 22-068 "An Industry Study Of Best Practices That Mitigate Potential Bias In Use Of External Data Sources In Life Insurance Automated Underwriting Models"

Thank you for your recent submission to the University of Arkansas at Little Rock Institutional Review Board (IRB). The IRB (FWA #00002205), has reviewed **Protocol # 22-068 "An Industry Study Of Best Practices That Mitigate Potential Bias In Use Of External Data Sources In Life Insurance Automated Underwriting Models".** The review was limited to activities described in the protocol narrative. On the basis of the review of this protocol**,** it has been determined that this research **does not meet the criteria of *human participant research*** based on 45 CFR 46.102.

You are reminded that:

1. The investigator assumes responsibility for notifying the University of Arkansas at Little Rock Institutional Review Board of any changes in the activities described in the protocol. Re-review might be required. Changes include the future use of the data even if that future use was mentioned in the protocol.
2. If absolutely no changes occur to the protocol, then the data does not need to be retained for the requisite three years.

Best of luck with your study.
